INTRODUCTION - OUR STORY

We were founded in 2006 in Muskegon, Michigan. Our family-owned company has deep roots in the metal casting industry that date back to the 1930's. Over the past 10 years we have evolved and expanded our products and capabilities by continuously upgrading manufacturing equipment and investing in our most valuable resource; our people. We have been built on our team's obsessive dedication to client satisfaction.

Innovative and creative ideas - combined with meticulous attention to detail - are the reason our products are featured prominently at the finest golf courses, private clubs, and residential neighborhoods around the world.

Uncompromising commitment to deliver the highest level of quality cast bronze and aluminum golf course signage is what our customers have come to expect. Our client brands are as important to us as our own, and you can be sure every project is unique. Let us help you Cast Your Vision and bring your ideas to life today!

REFINE YOUR COURSE DIRECTION

Compliment the landscape of your course with cast bronze and aluminum directional signage. Cast metal signage is a tasteful and elegant way to communicate course direction with your patrons. Combine your logo with one of our many shapes and sizes available. Use up to 30 characters per sign (minimum letter size of 1”). All golfers, whether a club member, or a first-time visitor, will appreciate a well-marked golf course. Identify speed play and other important areas of your course with prominent yet elegant signage. Sketch the desired layout of your sign and we will promptly provide drawings for your approval.
See our Gallery for more examples, pages 30-31 and 57-59.

REFLECTIVE TRAFFIC SIGNS

An effective yet economical way to add signage to busy areas of your facility. We can provide any standard DOT Traffic sign with the same reflectivity requirements specified by the Federal Government. Combined with decorative poles, bases and frames, you can maintain the distinctive look your facility demands.

COURSE WAYFINDING OPTIONS

POST & PANEL TRAFFIC SIGNS

Place signage in strategic positions to direct patrons when they are entering or leaving your facility. Our team can help find the best design solution and material to fit your needs and budget.

STREET SIGNS

Point to specific areas or identify important street names easily and effectively. Many styles and material options available.

*See our gallery for a few examples.

CUSTOM CAST WAYFINDING

Our wayfinding packages use complimenting designs, materials, colors and styles which communicate an aesthetic sensibility, sense of purpose, and a welcoming feeling. We take your ideas and consider both the design and application of each sign to determine proper fonts, size and design layout to maximize effectiveness. We can also incorporate logos or custom graphics that will help add brand identity to your commercial or residential development.

DYNAMIC SIGNAGE

Custom made to fit your courses message requirements. Our unique message slider system allows for quick and easy message changes to effectively communicate with your patrons.

MARK YOUR COURSE WITH SIGNAGE THAT LASTS

In-Ground Yardage markers are an essential element of play for any golf course. Properly marked courses can speed the pace of play and make for a more enjoyable golf experience. Multiple border options are available at no additional cost, please specify your preference at time of order.

***standard raised border option will be used if not specified**

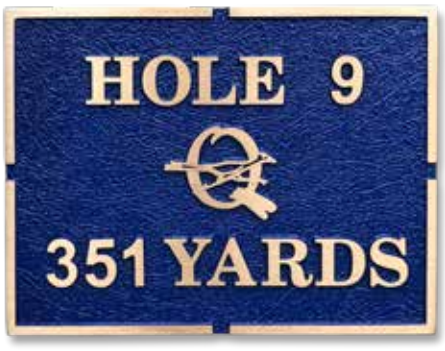
IN-GROUND MOUNT

Raised threaded bosses on back of marker
sent with 2.5" length 1/4-20 stainless steel studs.

***RAISED**

NO BORDER

BROKEN BORDER



CUSTOM NUMBER FONTS

Our standard font is "Century Old Style" for cast In-Ground markers. If you prefer another font style for your markers, in order to match an existing marker or coincide with your brand image, we can accomodate. A one-time setup charge to produce the custom font will be added, see below. Minimum number/character size is 1" height.

ADD A LOGO TO YOUR MARKER

Proudly display your brands logo across the facility in cast metal markers. A cost-effective way to leave a lasting impression with your patrons. Please provide us with your artwork and we will create a rendering showing the layout of your marker. Setup charges may apply based on markers size and quantity being ordered, see below.

LOGO SETUP CHARGES

Choose from any of the standard shape and size options on page 21. Calculate the setup charge for your marker based on total square inches and see corresponding charges listed below. There is a one-time setup charge for any unique logo, setup is waived on orders of more than 30 units.

CUSTOM DIRECTIONAL

Create your own custom laminate plastic signage using options shown on page 34. Minimum character requirements and font styles may apply.

CUSTOM TEE MARKERS

We can create a custom plastic tee marker using a variety of manufacturing techniques and materials. Contact us with your ideas and we can develop conceptual artwork for your review.

CALL FOR PRICING

CUSTOMIZE TO FIT YOUR NEEDS

Let us help you customize your design whatever the application may be. Full color product renderings will be provided for your review and approval on all projects. Combine any of the materials or options you see in our catalogue to create unique signs for your golf course or facilities.

RECOGNITION, DEDICATION, COMMEMORATION & IDENTIFICATION

We can cast your custom plaque in any size or shape required, please call us with your needs. Our designers will work with you to ensure your commemorative, memorial, or dedication plaque ideas become a reality. Not sure whether to go with a cast aluminum or custom bronze plaque? Each material has distinct characteristics and advantages. Please call our customer service department for assistance in determining which material will work best for your particular application.

BACKGROUND TEXTURES

Choose from three standard background textures shown to the right. Pebble is our standard background texture and will be used if not specified otherwise. Additional charges may apply for Leatherette and Smooth texture options.

ADD-PLATE PLAQUES & NAMEPLATES

Removable nameplates are a perfect way to add names and logos on new or existing plaques. Plaques can be designed to accommodate nameplates for future additions. Available in a variety of sizes, call us with your request and we can design a plaque to fit your needs.

CALL FOR PRICING

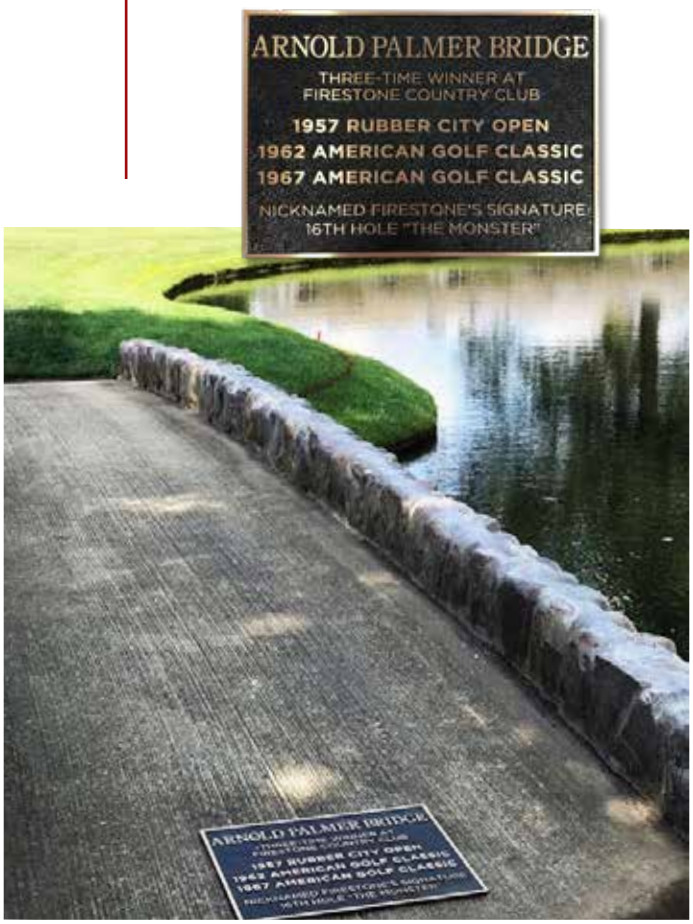
SPONSOR & STORY SIGNS

Have your tee signs tell a story, or even generate revenue! Displaying company logos or advertising below your tee sign is a great benefit for both courses and their sponsors. Recognition of important individuals or events within your organization can also be displayed for all patrons to see. Call us with your ideas and we can help your vision become a beautiful reality.

MTG-SPONSOR
INCLUDES SET OF 2 BRACKET CLIPS
SIGN PRICED SEPARATELY

MEMORIAL AND COMMEMORATIVE

The game of golf is full of memorable moments and events. Cast bronze and aluminum plaques are the perfect way to mark a significant event in your organizations history.



DEDICATION PLAQUES

Create a lasting tribute for your event, building, individual or historic event with long lasting cast metal plaques. We can assist you through the design process including help choosing the material, size and layout that best fits your needs. Incorporate custom graphics, special fonts, logos or other memorable designs at no additional charge.

See pages 40-45 for pricing.

ONE OF A KIND PLAQUES

We are dedicated to making sure important events in the game of golf are preserved for years to come. Let us help you create a show piece that your organization is proud to display for years to come.

MOUNTING STYLES

CONCEALED STUD

Plaque has a flat back or a return so sign will lay flat against surface. Threaded studs provided to mount.

NO CHARGE

PANEL MOUNTING

Two holes drilled and tapped for 10-24 studs on back of part. Provided with stainless steel setscrews, nuts and washers used to fasten part from the backside of mounting panel. Advise thickness of panel so proper hardware can be sent.

NO CHARGE

SCREW MOUNTING

Oval or Flat Head screws through the face of the sign into mounting surface. Screws painted to match sign background.

NO CHARGE

SPONSOR SIGN / HANGING

Sponsors hang below existing sign using provided brackets and hardware. See page 46 for additional details on available mounting styles.

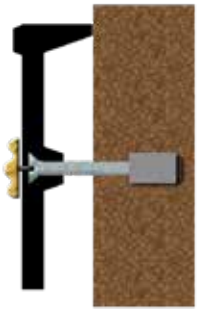
SEE PAGE 46

TOGGLE BOLT

Plaque is drilled through face and fastened with bolt/toggles. Decorative rosette options shown below.

MTG-TRO

EXPANSION ANCHOR



Machine screws and expansion sleeves work well with brick, stone, or masonry walls. Each metal expansion sleeve (lead anchor) has a threaded interior that accepts the provided machine screw. Rosette options shown below.

NO CHARGE

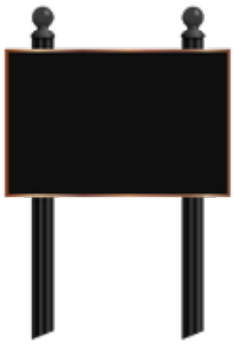
DIRECT MOUNT

Sign is fastened through post and threads into bosses on back of sign with provided stainless steel hardware.

NO CHARGE



DOUBLE POST

Used to mount larger size signs, similar to “Direct Mount” style. Posts come pre-drilled to match sign and include all required hardware.

NO CHARGE

SIDE MOUNT

Aluminum “L-brackets” are secured to back of sign. Brackets are then secured to pre-drilled post using provided stainless steel hardware.

MTG-SM

PODIUM MOUNT

Bosses are cast into the back of the plaque and match the angled mounting plate welded to post. Stainless steel mounting hardware provided. Specify post length when ordering, see page 51 for post options.

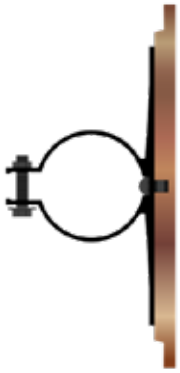
MTG-PM

HANGER ARM MOUNT

Aluminum arm is fastened to the back of sign and attached to post. Sign can mount off either side of post.

Double sided mounting is available, call for details.

MTG-HA



POST WRAP BRACKETS

Using extruded bracket sets, signs can wrap around existing 2.375”, 3”, 4” diameter posts. Includes a set of two brackets and all required hardware.

Size	Product ID
2.375”	Z-238
3”	Z-300
4”	Z-400

COLLAR HANGER ARM

Our decorative wrap style hanger arm fits both 3" & 4" diameter posts. Available with a variety of options including dual mounted arms and hanging basket options. Collar is custom designed to compliment posts and bases, made of cast aluminum. Call us for more details and pricing.

MTG-CL-3

MTG-CL-4

PKG-CL
INCLUDES 18 UNITS

WELDED YARD ARM

Welded yardarm posts are custom built for your sign order. Arms are welded directly to post before powder coating and drilled so that signs can easily be attached with minimal assembly. Price does not include post, see page 51 for options.

MTG-YA1

PKG-YA1
INCLUDES 18 UNITS

DIRECT BURIAL POSTS

Design for use with concrete installation. We recommend 18” to 24” of post burial depth. Size and depth of concrete varies according to local soil conditions. Concrete foundations should extend above ground level and be larger in diameter than the base to prevent damage and to ensure finish will be protected for years to come.

SURFACE MOUNT POSTS

Designed to be used when pole is mounted above grade and fastened with anchors or “J-bolts” in concrete.

OUR FINISHES...WHY THEY ARE THE BEST

We finish all of our products using the highest quality materials, equipment and processes in the industry. Unlike other companies, we do not keep our finishing techniques and materials a secret from the customer. We want our customers to know how products are being finished so they are comfortable in knowing they will receive the highest quality coatings available in the industry. Over the years we have perfected our process with help from Matthews Paint Company and PPG. Our signs and markers have undergone rigorous testing in scratch, solvent and salt spray testing facilities. We are confident you will not find a better coating system that allows for such a diverse selection of colors (Pantone Matching System) available in the sign and marker industry. We do it right, without cutting corners or using inferior coatings. Visit our website to learn all the details on how your signage is being finished, care and maintenance instructions and more.

BEFORE ORDERING OR REQUESTING A QUOTE...

We're eager to provide you with a quote and begin production on your custom cast products, however there are a few basic pieces of information we need first that will allow us to provide you with the fastest service and avoid costly mistakes. If you have questions, please give us a call at 800-705-1446

PART NUMBER

You can find the part number in the "Product I.D." section on the product page. For custom products that are not listed in the catalog, please provide us with as much applicable information from the categories below to help us prepare an accurate proposal.

SIZE

Let us know the exact or approximate dimensions of the product. If you are unsure what size is best, let us know and we can help. We will also advise you, during the quoting process, if there is a less expensive or alternative layout that may be usable.

SETUP CHARGES

Some products require a setup charge before certain quantities have been met. See the product page for details or call our customer service department for pricing.

SHAPE

Standard shape options are shown on the product page. Custom shapes are available for an additional charge. Call our design team to discuss options and pricing.

LOGO

If you would like a logo on your sign, please provide us with the artwork and we can determine if the format is acceptable for proofing and production. Logo files must be in one of the following formats: PDF, black and white JPG, Illustrator, or EPS. Logos sent in other formats which require design time may result in additional charges.

SIGN INFORMATION

What information will appear on the sign? Signs can have any number of different characters including text, logos, directional arrows, special characters and more. By providing us with this information at the time of the quote, we can determine what type of sign is best suited for displaying your desired information, and thus quote an accurate price.

BACKGROUND COLOR

Refer to "Background Color Options" on page 55 to choose from the standard colors available. You can also request a custom color match for a small additional charge. Please provide Pantone color number(s) for custom color requests at the time of your quote.

MATERIAL & RAISED FINISH

Cast aluminum and bronze signs have a raised finish option, see page 55. All raised areas can be either polished or painted with any of our standard background colors.

MOUNTING STYLE

Advise which mounting style you prefer, see "Mounting Styles" on page 48-49. Depending on the type of product being ordered, several mounting options are available. If a custom mounting application is required, call us for details. Additional costs may be associated with creating a custom mounting assembly.

SPECIAL INSTRUCTIONS

If you have a special request for the way your sign is to be manufactured, finished, or shipped, please let us know. All special instructions need to be noted when requesting a quote.

OTHER HELPFUL THINGS TO INCLUDE:

- Drawings, artwork, hand drawn sketches, or photos of the product we are quoting
- Physical samples of the product you are trying to match or duplicate
- Appropriate contact information and delivery instructions
- Time sensitivity of the project
- Microsoft Excel or Word documents with listed sign information/yardages and marker requirements
