Superintendents everywhere have been won over by its precision, ease-of-use and time-and body-saving ability. To operate, simply pull out the pin, lift the handle, and the hammer action drives it into the ground.

Enjoy the following advantages:

- Perfectly round holes with clean edges
- Easy on arms and shoulders - no twisting required
- Easy for any crew member to operate
- Powerful action works great on clay-based "push up" greens
- Achieve uniform hole depth
- Saves time
- Perfect for Bermuda Greens, as grain direction is easily matched when replacing plugs

IMPORTANT BLADE SELECTION

- "Push up" and native soil greens - outside sharpened blade required - [CLICK HERE FOR THIS UNIT](#)
- Sand-based and USGA greens - inside sharpened blade required

With its patented design, the HiO means perfectly cut cups that keep greens looking great and playing true, all while saving you time and effort.
