

FAIRWAY GROOMER

The FairwayGroomer effectively doubles the working width of the second generation GreensGroomer unit in a compact, adjustable method. The wings “float” alongside the main frame with the same patented brush layout without gaps in the brushing area.

Equipped with Heavy Duty White Brushes, the bristle stiffness is designed for use on fairways, to break down aeration cores quickly. The large twelve foot span simplifies and reduces the time necessary for fairway grooming.

The Wings are connected to the Main Frame with durable hinges and a simple cabling system. The electric actuator raises and lowers the wings simultaneously for transport and use, with a manual adjustment for long distance travel.

SPECIFICATIONS

Model	944HDE
Main Frame	2 inch square tube (11 gauge) with 1-1/2 inch (10 gauge) Square tube cross bars
Draw Bar	One piece 2" square tube
Length	48 inches (84 inches overall including the draw-bar)
Main Frame Width	72 inches
Main Frame Weight	260 lbs.
Wing Frame Width	37 inches
Wing Frame Weight	78.6 lbs.
Running Gear	2 pneumatic tires (16 x 650-8) Ribbed 2-ply with Oil Impregnated Graf oil bushings
Electric Lift	1000 lb. capacity Electric 12 volt linear actuator
Finish	Powder coat with 6-step pre-wash including de-greaser and anti rust coating
Brushes	(32) White Heavy Duty Synthetic Brushes with flat bristles attached to polypropylene head (8) 12"; (16) 18"; (8) 41"
Brush Weight	26 lbs. - Full set (White)
Shipping Crate	75-1/2" x 53-3/4" x 29"
Crated Weight	388 lbs.
Wing Shipping Crate	51" x 41" x 34"
Wing Crated Weight	290 lbs. (set of 2 wings)
