# MOVING WATER FORWARD

At Kasco, we help people realize the full potential of the water in their world. Our products are the most efficient and effective solutions for improving, protecting, and beautifying water.

# OUR PEOPLE MAKE KASCO THE BEST IN THE BUSINESS

Superior customer service is in our DNA. From design and development to delivery and support, we provide an unwavering commitment to our customers.

# COMPANY HISTORY

For more than 55 years, Kasco has set the industry benchmark for quality products, personalized service, and fast delivery. Learn more about our story below.

**1968**

Marina owner, Bill Skluzacek, developed a de-icing unit to prevent ice from damaging boats in the water over winter. His innovation catches the attention of marina-goers, and Kasco is born.

**1980**

Operations moved to a phone-switching building in St. Croix Beach, MN, and Kasco hired a full-time staff. This building was used as the main office for 15 years.

**1988**

Kasco traveled to Alaska with our De-icers to help rescue whales stuck underneath the ice. The De-icers were able to keep areas of ice open, allowing the whales to swim to safety. The story gained national media attention.

**1988**

The De-icer was modified by adding a float above the propeller, creating Kasco's first surface aerator.

Above: Founder Bill Skluzacek (right) at the Afton Marina demonstrating an early De-icer unit.

**1989**

Kasco modified the surface aerator by adding a nozzle inside the float, creating our first floating fountains.

**1997**

Kasco purchased our current facility in Prescott, WI, expanding to 12,000 sq. ft.

**2010**

Kasco introduced RobustAire™ Diffused Aeration Systems. 2022-2024 marked an extensive redesign of the product line.

**2022**

Kasco completed remodeling and expansion projects in 2007, 2013, and 2022, which grew our facility to nearly 100,000 sq. ft.

"As always, the staff at Kasco has been great to work with – from order placement to repairs, they have the answers you're looking for with quick turnaround to boot! Keep up the good work."

– MIKE

2HP J Series Fountain  
with Spruce Pattern

# J SERIES

## Elegant Fountain Displays

Kasco J Series Fountains offer dramatic, aesthetically pleasing displays at the best value on the market. Designed with both beauty and function in mind, each package includes multiple twist-and-lock nozzles at no extra charge, allowing you to choose patterns ranging from attention-demanding geysers to elegant 3-tier displays.

Packages include motor unit, 1-piece float, bottom screen, mooring ropes, power cord, display nozzles, and control panel with human-rated, GFCI-protection.

Available in 3/4 - 7.5HP sizes and single and three phase options to fit virtually any application.

Complete packages are ETL Listed to UL and CSA standards for safety.

A large, dark-colored fountain is spraying a powerful stream of water high into the air. The water jets create a fan-like shape against a backdrop of a warm, orange and yellow sunset. The fountain is mounted on a dark, textured base. Four circular callout boxes are overlaid on the image, each containing text and a small icon.

5 Display Patterns **Included**

Impressive Heights & Widths

Easily Change Nozzles

Snap-on Lights Available

# 3/4HP & 1HP

## J SERIES FOUNTAINS

- 120V and 208-240V, single phase options
- 1-piece float blends in with water's surface and is easy to install
- Composite bottom screen helps prevent clogging
- Premium Nozzles available separately (see pages 16-17)
- Manage from shore with included human-rated, GFCI-protected control panel

5 Patterns Included\*

**FERN** *Best in Narrow Ponds*

A large, low-profile fountain is spraying a wide, fan-like stream of water into a pond. The fountain is positioned in the center of the frame, with its spray reaching towards the top and sides. The water creates a white mist and small waves on the surface. In the background, a dense thicket of tall, green reeds or grasses grows along the edge of the water. The overall scene is bright and sunny, reflecting off the water.

3. 2 and 5HP, three phase units include CF-3235 control panel.
4. Three phase units are constructed with a durable stainless steel motor top for reliable performance in all environments.
5. Mesh screen (included) around bottom screen further helps prevent clogging.
6. 460-480V, three phase option available for special order in approved locations only. Contact Kasco for details.

NEVER enter the water with electrical equipment connected and / or in operation.

# WATERGLOW LIGHTING

Add Beauty to Your Evening Displays

Kasco WaterGlow Lighting dramatically illuminates your fountain or surface aerator pattern during the evening hours. Available in composite or stainless steel housings and with several color options, these versatile LED lights are a perfect addition to your display.

All lighting fixtures feature a durable, high-strength housing for watertight operation.

Easy-to-install, snap-on light clips included with RGB LED, Composite LED, and Stainless Steel LED systems.

Multiple sizes and styles available to fit fountains and surface aerators.

# LIGHTING SELECTION GUIDE

Below are lighting system recommendations for fountains and surface aerators based on unit size (HP). Background light, pattern, and fixture angle can affect visual experience. Using these recommendations will help ensure your pattern is illuminated to the fullest extent possible.

LIGHTING SYSTEM			RECOMMENDED UNIT SIZE (HP)											
LIGHT SYSTEM	MODEL	NUMBER OF FIXTURES	FOUNTAINS							SURFACE AERATORS				
			1/2	3/4	1	2	3	5	7.5	1/2	3/4	1	2	3
RGBW40	RGBW2SW40 RGBW2LW40	2				✓								
RGBW40	RGBW3SW40 RGBW3LW40	3				✓	✓	✓	✓			✓*	✓	✓
RGBW40	RGBW4SW40 RGBW4LW40	4						✓	✓					
Stainless Steel LED	LED3S19	3				✓	✓	✓		✓	✓		✓*	✓
Stainless Steel LED	LED6S19	6					✓	✓	✓					✓
RGB LED	RGB3C5	3	✓	✓	✓					✓	✓	✓		
RGB LED	RGB6C5	6				✓	✓					✓	✓	✓
Composite LED	LED3C11	3	✓	✓	✓					✓	✓	✓		
Composite LED	LED6C11	6				✓	✓	✓				✓	✓	✓

\*If adding an LED3S19, RGBW3SW40, or RGBW3LW40 3-light kit to a 2HP surface aerator, the 3 and 5HP surface aerator float must be used. Contact Kasco for assistance.

Product Notes:

1. If adding a Composite LED, Stainless Steel LED, or RGB LED light kit to a 2, 3, or 5HP surface aerator, an adapter is needed to accommodate the 3-piece float.
2. If ordering a 3-light kit, a 3-light kit adapter is needed. If ordering a 6-light kit, a 6-light kit adapter is needed. See page 63 for part numbers and pricing.

# RGB LED

## WATERGLOW LIGHTING

- Packages include light fixtures, brackets, snap-on clips, power cord, waterproof disconnect caps, remote control, and RGB control panel
- 3- and 6-fixture kits available in multiple power cord lengths
- Runs on 24Vdc power

9 Vibrant Color Choices

Durable Composite Housings for Watertight Operation

Power Cord Lengths up to 400 ft.

3/4HP AquatiClear™ Circulator

# AQUATICLEAR™

## Clog-Resistant Waterfront Management

AquatiClear™ by Kasco is a clog-resistant circulator that keeps water near docks, canals, and shorelines free of floating debris and foul odors. Utilizing patented Clean Current Technology™, AquatiClear features a prop guard with smooth, rounded tines that allow debris to slip by instead of collect around the unit, meaning continuous operation and less maintenance.

All packages include motor unit and power cord. Some packages include a mounting option. Control panels available separately.

Crown-like prop guard with smooth, rounded tines decreases clogging from floating algae and debris.

Versatile mounting options allow AquatiClear to direct the flow of water to address specific areas.

### Product Notes:

1. Prices in bold have quick disconnect installed on power cords.
2. Part number is the model combined with cord length (ex. 3400CDM150).
3. If AquatiClear is installed less than 1.5 ft. below the surface, a Shallow Water Install Kit is recommended. See page 35.

NEVER enter the water with  
electrical equipment connected  
and / or in operation.

## AQUATICLEAR MOUNTING OPTIONS

### UNIVERSAL MOUNT (INCLUDED WITH "CDM" MODELS)

Mount AquatiClear to a dock or similar structure and easily adjust its angle and depth. Adjust rotation with the patented Simple Swivel bracket. Mount includes a lifetime warranty.

#### CUSTOMER-SUPPLIED PIPE

1 in. / 25 DN threaded or unthreaded pipe purchased separately.

#### SIMPLE SWIVEL BRACKET

Rotate AquatiClear to direct flow of water in desired direction. Included with Universal Mount.

#### U-BOLT KIT

Optional U-bolt Kit (PN 997108K) attaches base plate to dock piling without drilling into structure. See page 63.

#### SHALLOW WATER INSTALL KIT

Optional Shallow Water Install Kit (PN 243609) allows for installation in shallow applications without loud whirlpool noise at the surface. See page 63.

### HORIZONTAL FLOAT (INCLUDED WITH "CFM" MODELS)

Secure AquatiClear on the surface with three ropes and tie-down loops. Three angles of orientation moves water in desired direction. Float includes a 3-year warranty.

#### EASILY SECURE & ADJUST

Secure AquatiClear at the surface with high-strength tie-down loops and several adjustment options.

Pair Kasco AquatiClear Circulators with Pond Probiotics for maximized results. See page 58 for details.

1/2HP De-icer

# DE-ICERS

## Over 50 Years of Dock Defense

By pushing warmer water up, Kasco De-icers create an opening at the water's surface, keeping boats and docks safe from damaging ice buildup. De-icers also keep fish and aquatic species healthy throughout the winter by allowing oxygen to enter the open water areas. Whether in a pond, lake, or marina, Kasco De-icers provide a hassle-free solution for maintaining clear, open water.

Packages include de-icing unit, power cord, and 2 mooring ropes. Mounting options and control panels available.

Creates more thrust than any other de-icing product. More thrust means more open water to protect your property.

Optional dock mount kits allow for easy angle and depth adjustments allowing De-icers to fit countless applications.

Creates More  
Open Water for the  
Best Ice Protection

#### Product Notes:

1. Prices in bold have quick disconnect installed on power cords.
2. Part number is the model combined with cord length (ex. 3400HD150).
3. De-icers should be placed 4-6 ft. below the surface, and 1 ft. off the bottom.
4. Mounting option and control panel sold separately.
5. All Kasco De-icers ship completely assembled. No hardware is needed unless using an optional Universal Mounting Kit.

De-icers create areas of open water which could be dangerous to people or animals nearby. Consider posting a warning sign near the area.

NEVER enter the water with electrical equipment connected and / or in operation.

# DE-ICER ACCESSORIES

## MOUNTING OPTIONS

Secure your Kasco De-icer to a dock or similar structure using the included ropes or optional mount kit. Choose depth, angle, and flow of water to achieve desired results. Use an optional U-bolt Kit with the Universal and Industrial Mount to attach the base plate to dock piling without drilling into structure. See page 63.

Mooring Ropes  
(Included)

Universal Mount  
(Purchased Separately)

*Patented Simple Swivel bracket  
allows unit to be rotated.*

*U-bolt Kit shown attaching  
mount base to dock piling.*

PART NUMBER	DESCRIPTION	MSRP
243485	Universal Mount (Customer supplies 1 in. / 25 DN nominal threaded or unthreaded pipe and (8) 5/16 in. lag screws to mount base plate to dock. To install mount without drilling into dock, use available U-bolt Kit instead of lag screws.)	\$425
243478	Universal Mount with Patented Simple Swivel Bracket (Includes all mount assembly hardware.)	\$465
243484	Industrial Mount (Customer supplies 1.5 in / 40 DN nominal threaded or unthreaded pipe and (8) 5/16 in lag screws to mount base plate to dock. To install mount without drilling into dock, use available U-bolt Kit (2) instead of lag screws.)	\$690
243479	Industrial Mount with Patented Simple Swivel Bracket (Includes all mount assembly hardware.)	\$739
997108K	U-bolt Kit for drill-free installation (Each kit includes 2 U-bolts and associated hardware.)	\$18

### Product Notes:

1. Industrial Mounts are suggested for units in harsh environments.

## CONTROL PANELS

Allow energy-saving automatic control of your Kasco De-icer. Select your desired temperature and/or time settings, and the control panel will do the rest.

C-10 Thermostat-Only  
Control Panel

C-20 Timer & Thermostat  
Control Panel

# SURFACE AERATORS

## High Oxygen Transfer at Extreme Value

Kasco Surface Aerators push high volumes of water into the air. This process increases the overall health of your water and keeps it thoroughly mixed. Introducing oxygen and water movement breaks up stratification, eliminates odor, discourages algae growth, and promotes a healthy aquatic environment.

Packages include motor unit, float, mooring ropes, and power cord. Control panels available.

Available in 1/2 - 5HP sizes and single or three phase options to fit a variety of applications.

Packages that include control panels are ETL Listed to UL and CSA standards.

Great for  
Backyard Ponds,  
Fish Farms, and More

For Continuous or  
Supplemental Use

Pair with  
WaterGlow  
Lighting Kit

Ideal in Depths  
Less than 8 ft.

# 1/2HP, 3/4HP, & 1HP

## SURFACE AERATOR

- 120V and 208-240V, single phase options
- 1-piece float blends in with water's surface and is easy to install
- Manage from shore with optional human-rated, GFCI-protected control panel (see page 62)

\*1/2HP units operate in as little as 17.5 in. of water. 3/4HP units operate in as little as 17.5 in. of water. 1HP units operate in as little as 19 in. of water.

### Product Notes:

1. Prices in bold have quick disconnect installed on power cords.
2. Part number is the model combined with cord length (ex. 2400AF050).
3. "AF" models include unit and float; "BTM SCR" models include unit, float, and bottom screen.
4. "A" models include the motor unit only and do not include a float or bottom screen.
5. The correct control panel will depend on the voltage of the unit and if lights are being used. See page 62.

NEVER enter the water with electrical equipment connected and / or in operation.

Kasco Surface Aerators deliver up to 3.0 lbs. of O<sub>2</sub> per horsepower, per hour of operation, making them the most dependable and efficient units on the market.

# 2HP, 3HP, & 5HP

## SURFACE AERATOR

- 208-240V, single and three phase options
- Control panels are optional except for three phase non-"U" models (see page 45)
- Control panels feature human-rated GFCI-protection (see page 62)

RobustAire™ Small Cabinet

# ROBUSTAIRE™ DIFFUSED AERATION

Move & Aerate Large Volumes of Water

Restore your water's natural ecosystem by adding mixing and movement with RobustAire™. A shore-mounted compressor pushes air through self-weighted lines to a diffuser at the bottom of the pond, lake, or tank. This induces oxygen transfer and beneficial mixing to prevent weed overgrowth, algae, unpleasant odors, fish kills, and other issues.

Packages include dual-loop diffuser(s), compressor(s), and compressor cabinet. Some models include SureSink Weighted Tubing.

Patented AireGuard Cabinet Technology revolutionizes air movement for superior cooling and less maintenance.

Dual-loop diffuser assembly will not clog, includes strain relief, and will land right-side up every time.

Dual-action  
Filtering Removes  
Dust and Debris

Reliable in  
Tough Outdoor  
Conditions

Cabinet Design  
Ensures Quiet  
Operation

Filter Minder  
Turns Red When  
Cleaning is Needed

# ROBUSTAIRE™

## SMALL DIFFUSED AERATION SYSTEMS

- Includes 1-3 dual-loop diffuser assemblies, 1 compressor, small cabinet, and SureSink Weighted Tubing
- Cabinet can be mounted on the ground or on a vertical structure using the optional mounting bracket
- Ideal for small to mid-size ponds and lakes
- Remote manifold available for installations far from power

Small Cabinet with Patented AireGuard Cabinet Technology

Dual-loop Diffuser Provides Efficient Water Movement

Filter Maintenance Indicator for Easy Maintenance

Lifetime Warranty - Diffuser & Cabinet

15-Year Warranty - Tubing

3-Year Warranty - Compressor

2-Year Warranty - Compressor Piston Cups & Cylinders

PART NUMBER		CABINET	NUMBER OF DIFFUSERS	WEIGHTED TUBING	COMPRESSOR	MSRP	REMOTE MANIFOLD MSRP

### Product Notes:

- Small Cabinets are ground-mount standard, but can be mounted off the ground on post or similar structure with available mounting bracket. See page 56.
- Small Cabinet systems include 3/8 in. tubing as standard but will also work with 5/8 in. tubing. See page 56.
- If less tubing is needed, subtract retail price of the rolls not needed. If more rolls are needed, order more rolls as separate line items.
- Kasco recommends 5/8 in. tubing for any run longer than 300 ft.
- Remote manifold systems allow installation long distances from power. These systems include remote valve manifold and valve box.
- No-Cabinet systems include mounting bracket with cooling fan.
- Replacement cabinet available. Includes air compressor but no tubing or diffusers. Call Kasco for details.

# ROBUSTAIRE™

## MEDIUM DIFFUSED AERATION SYSTEMS

- Includes 4-6 dual-loop diffuser assemblies, 2 compressors, and medium cabinet (SureSink Weighted Tubing not included)
- Cabinet is ground-mount only
- Ideal for mid-size ponds and lakes
- Remote manifold available for installations far from power

Medium Cabinet with Patented AireGuard Cabinet Technology

Dual-loop Diffuser Provides Efficient Water Movement

Filter Maintenance Indicator and External Gauges

Lifetime Warranty - Diffuser & Cabinet

15-Year Warranty - Tubing

3-Year Warranty - Compressor

2-Year Warranty - Compressor Piston Cups & Cylinders

PART NUMBER		CABINET	NUMBER OF DIFFUSERS	WEIGHTED TUBING	COMPRESSOR	MSRP	REMOTE MANIFOLD MSRP

RA6	RAH6	Medium Cabinet	6	Tubing Not Included	(2) 1/2HP Compressors	\$6,639	\$7,239

### Product Notes:

- Medium Cabinets are ground-mount only. Mount cabinet on a dry, flat surface away from areas that may flood.
- Accommodates 3/8 in. and 5/8 in. weighted tubing, but must be ordered separately. See page 56.
- Kasco recommends 5/8 in. tubing for any run longer than 300 ft.
- Tubing accessories such as fitting kits and connector kits are available. See page 56.
- Remote manifold systems allow installation long distances from power. These systems include remote valve manifold and valve box.
- Replacement cabinet available. Includes air compressor but no tubing or diffusers. Call Kasco for details.

Kasco's experienced team of experts will help you select the right system for your application.

# ROBUSTAIRE™

## LARGE DIFFUSED AERATION SYSTEMS

- Includes 7-12 dual-loop diffuser assemblies, 3-4 compressors, and large cabinet (SureSink Weighted Tubing not included)
- Cabinet is ground-mount only
- Ideal for large industrial or recreational lakes
- Remote manifold available for installations far from power

Large Cabinet with Patented AireGuard Cabinet Technology

Dual-loop Diffuser Provides Efficient Water Movement

Filter Maintenance Indicator and External Gauges

Lifetime Warranty - Diffuser & Cabinet

15-Year Warranty - Tubing

3-Year Warranty - Compressor

2-Year Warranty - Compressor Piston Cups & Cylinders

# HOME SERIES DIFFUSED AERATION

## A Water Quality Boost for Backyard Ponds

Kasco Home Series Diffused Aeration Systems provide beneficial movement from the bottom up to improve water quality in backyard ponds. Using a shore-mounted compressor, air is pumped through tubing lines to a single-loop diffuser on the pond bottom. This continuous mixing prevents weed overgrowth, algae, unpleasant odors, and other issues.

Packages include single-loop diffuser(s), 1/4HP compressor, stainless steel cabinet, and SureSink Weighted Tubing. Optional mounting bracket available separately.

Cabinet design ensures quiet operation to peacefully blend with backyard environment.

Single-loop diffuser assembly will not clog, includes strain relief, and is self-weighted to land right-side up every time.

Cabinet Design Ensures Quiet Operation

Eliminates Overgrowth, Algae Buildup, and More

Easy Set-up, Installation, and Maintenance

Reliable in Tough Outdoor Conditions

# HOME SERIES

## DIFFUSED AERATION

- Includes 1-2 single-loop diffuser assemblies, 1 compressor, 1 cabinet, and SureSink Weighted Tubing
- Cabinet is stainless steel for longevity in outdoor conditions
- Cabinet can be mounted on the ground or on a vertical structure using the optional mounting bracket
- Quiet operation allows system to blend with backyard environment

Home Series Diffused Aeration Cabinet

Single-loop Diffuser Provides Efficient Water Movement

Ideal for Ponds up to 2 acres and With Less Than 20 ft. of Depth

Lifetime Warranty - Diffuser  
15-Year Warranty - Tubing  
2-Year Warranty - Cabinet, Compressor, & All External Parts

PART NUMBER	CABINET	NUMBER OF DIFFUSERS	WEIGHTED TUBING	COMPRESSOR	VOLT (V)	MSRP
DA1	Home Series	1	(1) 100 ft. roll of 3/8 in. tubing	(1) 1/4HP Compressor	120	\$1,750
DAH1	Home Series	1	(1) 100 ft. roll of 3/8 in. tubing	(1) 1/4HP Compressor	208-240	\$1,750
DA2	Home Series	2	(2) 100 ft. rolls of 3/8 in. tubing	(1) 1/4HP Compressor	120	\$1,950
DAH2	Home Series	2	(2) 100 ft. rolls of 3/8 in. tubing	(1) 1/4HP Compressor	208-240	\$1,950

### Product Notes:

- Home Series cabinets are ground-mount standard. Mounting Bracket available separately with part number 774440. See page 56.

## SIZING RECOMMENDATIONS

Use this table to determine if a DA1 (1 diffuser) or DA2 (2 diffusers) is needed based on pond size and depth.

POND SIZE	DA1	DA2
	POND DEPTH	POND DEPTH
1/4 Acre	6 - 8 ft.	3 - 6 ft.
1/2 Acre	9 - 12 ft.	6 - 8 ft.
1 Acre	13 - 20 ft.	9 - 12 ft.
2 Acres	-	13 - 20 ft.

Kasco's experienced team of experts will help you select the right system for your application.

- Single phase
- Includes vibration mounts and 6 ft. power cord
- Quiet, oil-less piston compressors built for continuous duty, large aeration applications

Thermal Overload Protection  
and Will Restart Under Load

3-Year Warranty - Motor  
2-Year Warranty - Piston Cups & Cylinders

120V & 208-240V Models  
Are UL & CSA Recognized

208-240V Models  
Have CE Certification

PART NUMBER	HP	VOLT (V)	WEIGHT (LB)	AMP @ 0 PSI	AMP @ 20 PSI	MSRP
KM-60C	1/4	120	16	2.2	3.2	\$771
KM-60HC	1/4	208-240	16	1.1	1.6	\$771
KM-120C	1/2	120	19	3.0	4.0	\$992
KM-120HC	1/2	208-240	19	1.5	2.0	\$992
KM-200C	3/4	120	28	5.4	6.9	\$1,651
KM-200HC	3/4	208-240	28	3.1	3.7	\$1,651

### Product Notes:

1. KM-60C, KM-60HC, KM-120C, and KM-120HC models include a Molex cord connector making them compatible with newer style RobustAire cabinets.
2. TeichAire compressors do not include the pressure relief valve, brass elbow, or air filter assembly. Please reuse these components from the old compressor.

# POND PROBIOTICS

## BENEFICIAL BACTERIA

Pond Probiotics are a safe, non-chemical approach to water quality management and produce a healthy, balanced ecosystem with its highly concentrated, unique blend of naturally occurring bacteria and enzymes. No irrigation restrictions or permit required.

Available as Quick-Dissolving Powder, Pucks, and Time-releasing Blocks

Water Must Be 55° F or Warmer

Removes Pond Scum and Floating Particles

Eliminates Waste, Dead Grass, and Foul Odors

Safe for People, Pets, and Livestock

PART NUMBER	DESCRIPTION	CONTENTS TREAT	MSRP
MZ8	(1) 8 oz. WS bag	Up to 1/2 acre-ft.	\$14
MZ8C	(40) 8 oz. WS bags (case)	Up to 20 acre-ft.	\$545
MZ25	25 lb. bag of bulk powder in pail (no WS bags)	Up to 25 acre-ft.	\$600
MZMP7	Muck Pucks - 7 lb. pail with 266 pucks	Up to 10 ft. <sup>2</sup> per puck	\$98
MZMB5	Muck Block - (1) 6 lb. block	Up to 6 acre-ft.	\$92

### Product Notes:

1. WS = Water soluble bag.
2. One acre-foot (1 acre of surface area with 1 ft. of depth) = 325,851 gallons.
3. To determine gallons: length (ft.) x width (ft.) x avg. water depth (ft.) x 7.48 = gallons.

*Kasco Pond Probiotic  
Muck Pucks*

### Quick-Dissolving Powder

For small ponds and water gardens. Reapply every 2-3 weeks.

### Muck Pucks

For small or medium ponds, as spot treatments. Reapply every 2-3 weeks.

### Muck Blocks

For medium ponds, large ponds, or feeder streams. Reapply every 30 days.

Combine Pond Probiotics with a Kasco aeration or circulation method for maximum water quality results.

# ACCESSORIES

## Mounts, Control Panels, Protective Sleeving, & Much More

Kasco offers a robust selection of accessories that complement our main product offering, increasing effectiveness and convenience of our product offerings. Accessory items are designed to help Kasco products better fit your specific application and improve your experience.

Designed to enhance performance and simplify installation across a variety of Kasco products.

Wide range of accessories available to customize systems for specific needs and environments.

Improves product performance and convenience for a more efficient, tailored setup.

# UNIT MOUNTING OPTIONS

## MOUNTING KITS

Secure your Kasco AquatiClear™ or De-icer to a dock, pier, walkway, or other in-water structure. Determine your depth, angle, and direction of water flow to achieve desired results. Optional U-bolt Kit allows mount kit to attach to dock piling without drilling into structure. Mounts include a lifetime warranty.

### Universal Mount Kits

- For 1/2, 3/4, and 1HP units
- Requires 1 in. / 25 DN nominal pipe, supplied by customer

### Industrial Mount Kits

- For 1/2, 3/4, and 1HP units
- Requires 1.5 in. / 40 DN nominal pipe, supplied by customer

### Product Notes:

1. Pipes should not exceed 10 ft. and can be threaded or unthreaded (supplied by customer).
2. Universal and Industrial Mounts require (8) 5/16 in. customer-supplied lag screws to mount base plate to dock.
3. To install mount without drilling into dock, use available U-bolt Kit instead of lag screws.
4. Industrial Mounts are recommended for units in harsh environments.
5. Universal Mounts require (1) U-bolt Kit, Industrial Mounts require (2) U-bolt Kits.

## HORIZONTAL FLOAT

Suspend your Kasco AquatiClear™ below the water's surface and safely anchor it to shore. Using stainless steel hardware and components, the float accommodates 1/2, 3/4, and 1HP units. Includes a 3-year warranty.

- 3 tie-down loops for secure installation
- Power cord strain relief clip
- 3 angles of unit orientation

PART NUMBER	DESCRIPTION	UNITS COMPATIBLE	MSRP
213001	Horizontal Float with tie-down loops	1/2, 3/4, and 1HP units	\$535

# CONTROL PANELS

Control panels allow energy-saving automatic control of your Kasco unit.

Select your desired settings, and the control panel will handle the rest.

- Panels are included for J and VFX Series Fountains
- Panels are optional for surface aerators except 2.3, 3.3, and 5.3HP units (non-“U” units)
- Surface aerator control panels will depend on voltage of the unit and if lights are used (refer to the table below)

PART NUMBER	MODEL	USE WITH				CONTROLLED FUNCTION	BASED ON	GROUND FAULT PROTECTION	MSRP
		DE-ICER (Optional)	FOUNTAIN (J & VFX SERIES) (Included)	SURFACE AERATOR (Optional)	AQUATICLEAR (Optional)

176200	CF-3235	-	2, 3, 5HP	2, 3, 5HP with lights	-	Unit and lights	(1) Timer for unit (1) Timer for lights	5-milliamp (human-rated)	\$4,450
176204	CF-3075	-	7.5HP***	-	-	Unit and lights	(1) Timer for unit (1) Timer for lights	5-milliamp (human-rated)	\$4,150

\*2.3, 3.3, and 5.3HP surface aerators include a CA-3235 control panel. Control panels are optional for all other surface aerator models (including “U” models).

\*\*1/2HP is only offered for VFX Series Fountains.

\*\*\*7.5HP is only offered for J Series Fountains.

## Product Notes:

1. Test GFCI every 30 days after unit installation.
2. For electrical wiring, follow all codes and consult qualified electrician.

NEVER enter the water with electrical equipment connected and / or in operation.

# EXTRAS

Get the most from your Kasco unit with the accessories listed below. From strain reliefs and protective cord sleeves to quick disconnects, Kasco has what you need to keep your unit operating at its best.

Stainless Steel Protective Cord Sleeving is available. Contact Kasco for pricing.

PART NUMBER	DESCRIPTION	MSRP
243609	AquatiClear™ Shallow Water Install Kit	\$125
636400	Optional 3-point strain relief conversion kit for 16-gauge through 10-gauge cords	\$140
636175	Quick disconnect added to 50 ft. or 100 ft. power cord for units (Quick disconnect comes standard on 100 ft. cords for all 1HP (120V), 2HP, 3.1HP, and 5.1HP units)	\$361
840303	3-light kit adapter for 3-piece sectional floats (For 2, 3, and 5HP Surface Aerators)	\$50.25
840306	6-light kit adapter for 3-piece sectional floats (For 2, 3, and 5HP Surface Aerators)	\$350
997108K	U-bolt Kit for Universal and Industrial Mount Kits allows installation without drilling into structure (each kit includes 2 U-bolts and associated hardware)	\$18

990926	Food grade mineral oil option	Contact Kasco for pricing.

# WARRANTY INFORMATION

## STANDARD WARRANTY

Kasco Marine, Inc. warrants products to be free from defects in material or workmanship under normal use and service. This warranty excludes damage to the equipment from improper handling or installation as well as damage caused by environmental factors (examples include but are not limited to: cuts in or crushing of the power cord, damage to mooring lines and ropes, foreign objects causing damage to props or motor shafts, and improper power feeds). The Kasco Marine, Inc. obligation under this warranty is limited to replacing or repairing, free of charge, any defective part within the warranty period.

All units sent back to the factory or authorized repair center should be accompanied by the repair form, found at [kascomarine.com](http://kascomarine.com). Customer is responsible to pay shipping charges.

## WARRANTY IS VOID IF

1. The product is not maintained according to the maintenance recommendations supplied in owner's manual.
2. The equipment is returned for repair without the power cord.
3. The unit, control panel, or power cord are altered in any way from the original shipment. Cuts in the power cord are not covered under warranty.
4. The equipment is damaged by unauthorized tampering.
5. The sacrificial zinc anode around the motor shaft shows significant deterioration (not maintained according to recommendations supplied in the owner's manual).

## EXTENDED WARRANTY

The extended warranty is an additional 2 years beyond the 3-year warranty. See below for program details.

The extended warranty must either be:

- Ordered at the same time and on the same P.O. as the unit.
  - *Please include the extended warranty as a separate line item.*

OR

- Added to stocked units no more than 180 days after manufacture.
  - *To add an extended warranty to a stock unit, send a P.O. to Kasco with the appropriate extended warranty part number (see table below) and the serial number(s) of the warrantied units.*

Eligible Products:

- 2HP J Series Fountains
- 2 and 5HP VFX Fountains
- 2, 3, and 5HP Surface Aerators

HP	J SERIES FOUNTAINS	VFX FOUNTAINS	SURFACE AERATORS	MSRP
2		EW2F		\$1,000
3		EW3F		\$1,200
5		EW5F		\$1,450

# WARRANTY PERIODS

(INCLUDES CONTROL PANEL)

## J SERIES FOUNTAINS

- 3/4 and 1HP: 2 years
- 2HP: 3 years
- 3, 5, and 7.5HP: 5 years

## VFX SERIES FOUNTAINS

- 1/2, 3/4, and 1HP: 2 years
- 2 and 5HP: 3 years

## WATERGLOW LIGHTING

- RGB LED: 2 years
- Composite LED: 2 years
- Stainless Steel LED: 3 years
- RGBW40: 5 years
- Universal Lighting: 2 years

## AQUATICLEAR™ CIRCULATORS

- 1/2, 3/4, and 1HP: 2 years

## DE-ICERS

- 1/2, 3/4, and 1HP: 3 years

## SURFACE AERATORS

- 1/2, 3/4, and 1HP: 2 years
- 2, 3, and 5HP: 3 years

## ROBUSTAIRE™ DIFFUSED AERATION SYSTEMS

- Diffuser: Lifetime
- Cabinet: Lifetime
- Tubing: 15 years
- Compressor Motor: 3 years
- Compressor Piston Cup: 2 years
- Compressor Cylinder: 2 years

## HOME SERIES DIFFUSED AERATION SYSTEMS

- Diffuser: Lifetime
- Cabinet: 2 years
- Tubing: 15 years
- Compressor Motor: 2 years
- Compressor Piston Cup: 2 years
- Compressor Cylinder: 2 years

## REPLACEMENT (R) UNITS

- 1/2, 3/4, and 1HP: 2 years
- 2, 3, and 5HP: 3 years
- 7.5HP: 3 years

**NOTE:** Pricing and availability for replacement "R" units is available in distributor portal accounts.

# MAP, PRODUCT RETURN, & REPAIR

## MAP (MINIMUM ADVERTISED PRICING)

MAP on fountains, surface aerators, AquatiClear™ Circulators, De-icers, WaterGlow Lighting, RobustAire™, Home Series, and Pond Probiotics is full retail.

Prices are subject to change without notice and are not guaranteed for the entire year.

## NEW OR UNUSED PRODUCT RETURN <https://kascomarine.com/products/repair-centers/>

If an item has not entered the water, it can be returned to Kasco:

1. Contact Kasco to receive an RMA number and RMA form.
2. Package the item(s) adequately (original packaging preferred) and return to Kasco with completed RMA form and RMA number on the shipping label or written on the box.

## IMPORTANT

- 10% restocking fee will be applied to all returns.
- Additional fees may apply for partial returns.
- An item will not be accepted for return if it has been in the water.
- Kasco will not reimburse for product that was damaged during return shipment.
- Only new, clean, and unused items may be returned for credit.
- Items may not be returned after 6 months from the time of purchase.

## REPAIR <https://kascomarine.com/products/repair-centers/>

Equipment can be shipped to Kasco or an authorized service center for a repair estimate. Contact us if you'd like to find an authorized repair center near you. Kasco aims to provide a free cost estimate as soon as possible. After customer approval, the repair can be made in just a few days.

- Please include upper pump housing or wire cage for aerators and De-icers.
- Kasco is not responsible for shipping damage from customer to Kasco.
- Do not send floats. Kasco will charge \$200 for float disassembly and cleaning.
- It is the responsibility of the customer to ship and pay freight to Kasco.

# SHIPPING DETAILS

Kasco offers hassle-free logistical support to our customers. While we do accommodate shipment arranged by you or a third party, there are compelling benefits to allowing Kasco's Logistics Team to arrange all your shipments. We have negotiated extremely competitive rates with our preferred carriers and are excited to pass that savings along to you.

Additionally, all shipments arranged by Kasco are FOB destination, insured by us until they reach your location. In the event of loss or damage during shipping, simply notify our Customer Service Team and provide as much detail as possible, including photos of any damage. Once we have confirmed loss or damage, we will ship a replacement and take care of the claim. You can reach our Logistics Team at [logistics@kascomarine.com](mailto:logistics@kascomarine.com).

## FREIGHT QUOTES

Please email freight quotes to [support@kascomarine.com](mailto:support@kascomarine.com) and include:

- Shipping address
- Commercial or residential
- Offload or lift gate requirements
- Delivery notification contact info

**NOTE:** Some addresses are extended delivery areas and additional charges may apply. Quotes are estimates, valid for 30 days, and may vary.

## MOTOR FREIGHT ONLY SHIPMENTS

2HP and larger units with power cords longer than 400 ft. ship motor freight only.

## KASCO PATENTS

Scan the QR code below for a full list of Kasco patent and patent-pending information.
